

# Lavington Public School 2019 Annual Report

2378

# Introduction

The Annual Report for 2019 is provided to the community of Lavington Public School as an account of the school's operations and achievements throughout the year.

It provides a detailed account of the progress the school has made to provide high quality educational opportunities for all students, as set out in the school plan. It outlines the findings from self–assessment that reflect the impact of key school strategies for improved learning and the benefit to all students from the expenditure of resources, including equity funding.

# **School background**

#### **School vision statement**

To deliver sustained and measurable whole school improvement through using evidence—based approaches to learning and teaching.

#### **School context**

Lavington Public School (LPS) is a K–6 suburban school, located 4 kilometres north east of Albury. The school now has over 420 students students from Kindergarten to Year 6 and more than 40 staff.

LPS receives additional resources and support through Equity funding. These resources assist the school in continuing to improve student literacy and numeracy outcomes. Our school values include safety, respect and responsibility.

Our students come from a diverse community, with families primarily coming from a suburban background, with a nearby rural influence. Our families have a wide variety of socioeconomic status, cultural background and family configurations. All students receive educational experiences and learning opportunities that foster high expectations, inspiring students to achieve to their potential.

Lavington Public School is committed to offering a quality education for all students from dedicated staff in a stimulating and caring environment. Lavington has a comprehensive orientation program to introduce Kindergarten students into our school, and Year 6 students into High School. The school has a successful dance troupe, junior and senior choir, a highly successful public speaking program, a budding music program, a strong technology focus and an active SRC. We are also a Positive Behaviour for Learning school.

Lavington has always been a strong sporting school offering a wide variety of sporting participation and skill development. The school is set in spacious and well–tended grounds and is continually developing its infrastructure to ensure that students learn in a pleasant environment where teaching and learning thrive!

### Self-assessment and school achievement

This section of the annual report outlines the findings from self–assessment using the School Excellence Framework, school achievements and the next steps to be pursued.

This year, our school undertook self–assessment using the School Excellence Framework and participated in an external validation. The Framework is a statement of what is valued as excellence for NSW public schools, both now and into the future. The Framework supports public schools throughout NSW in the pursuit of excellence by providing a clear description of high quality practice across the three domains of Learning, Teaching and Leading.

Each year, we assess our practice against the Framework to inform our school plan and annual report. Every five years, our school undergoes an external validation process.

During the external validation process, an independent panel consisting of a Principal School Leadership and a peer principal considered our evidence and assessment of our school's progress against the School Excellence Framework.

Our self–assessment and the external validation process will assist the school to refine our school plan, leading to further improvements in the delivery of education to our students.

For more information about the School Excellence Framework: https://education.nsw.gov.au/teaching\_and\_learning/school\_excellence\_and\_accountability/school\_excellence

#### **Next Steps**

In 2020, we will continue to sustain our rate of 100% of staff actively engaging in the Performance and Development Framework process. We will also be exploring online learning platforms for both student and staff use and evaluating the most effective online communication tools for parents. We will continue to engage in current evidence based research from CESE and embed this research into our staff development days and professional learning sessions. We will look to developing a Stage Planning Model, where the executive, in collaboration with their stages, develop targets and commit to practices to ensure we meet and exceed those targets through 2020.

### **Strategic Direction 2**

Wellbeing

#### **Purpose**

To deliver a strategic and planned approach to develop whole school wellbeing processes that support the wellbeing of all students so they can connect, succeed, thrive and learn.

# Improvement Measures

### **Management of non-attendance**

Attendance at school has a big impact on longer term outcomes for children and young people. When a child is not at school they miss important opportunities to learn, build friendships and develop their skills through play. Regular attendance at school is a shared responsibility between schools and parents. By working together we can have a positive effect on supporting our children and young people to regularly attend school.

Our teachers promote and monitor regular attendance at school and all our schools have effective measures in place to record attendance and follow up student absences promptly. They are guided by the School Attendance policy which details the management of non–attendance.

<sup>\*</sup>Full Time Equivalent

#### **Aboriginal and Torres Strait Islander workforce composition**

The Department actively supports the recruitment and retention of Aboriginal and/or Torres Strait Islander employees through the use of identified positions, scholarship opportunities to become a teacher and by providing a culturally safe workplace. As of 2019, 3.9% of the Department's workforce identify as Aboriginal people.

#### **Workforce ATSI**

| Staff type     | Benchmark <sup>1</sup> | 2019 Aboriginal and/or Torres Strait Islander representation <sup>2</sup> |
|----------------|------------------------|---|
| School Support | 3.30%                  | 7.20%   |
| Teachers       | 3.30%                  | 2.90%   |

Note 1 – The NSW Public Sector Aboriginal Employment Strategy 2014–17 introduced an aspirational target of 1.8% by 2021 for each of the sector's salary bands. If the aspirational target of 1.8% is achieved in salary bands not currently at or above 1.8%, the cumulative representation of Aboriginal employees in the sector is expected to reach 3.3%.

Note 2 – Representation of diversity groups are calculated as the estimated number of staff in each group divided by the total number of staff. These statistics have been weighted to estimate the representation of diversity groups in the workforce, where diversity survey response rates were less than 100 per cent. The total number of staff is based on a headcount of permanent and temporary employees.

# **Teacher qualifications**

All casual, temporary and permanent teachers in NSW public schools must hold a NSW Department of Education approval to teach. Teachers with approval to teach must be accredited with the NSW Education Standards Authority, and hold a recognised teaching degree. All NSW teachers must hold a valid NSW Working With Children Check clearance.

#### Professional learning and teacher accreditation

Professional learning is core to enabling staff to improve their practice.

Professional learning includes five student–free School Development Days and induction programs for staff new to our school and/or system. These days are used to improve the capacity of teaching and non–teaching staff in line with school and departmental priorities.

# **Financial information**

### **Financial summary**

The information provided in the financial summary includes reporting from 1 January 2019 to 31 December 2019. The Principal is responsible for the financial management of the school and ensuring all school funds are managed in line with Department policy requirements.

# **School performance - NAPLAN**

In the National Assessment Program, the results across the Years 3, 5, 7 and 9 literacy and numeracy assessments are reported on a scale from Band 1 to Band 10. The achievement scale represents increasing levels of skills and understandings demonstrated in these assessments.

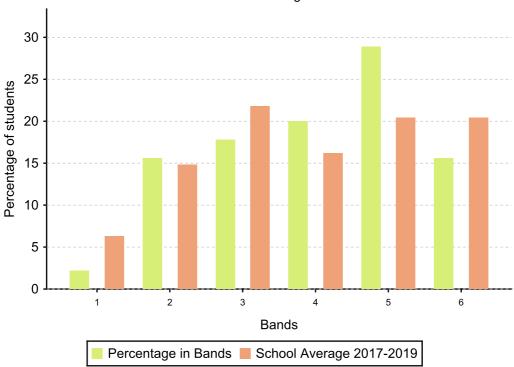

From 2018 to 2021 NAPLAN is moving from a paper test to an online test. Individual schools are transitioning to the online test, with some schools participating in NAPLAN on paper and others online. Results for both online and paper formats are reported on the same NAPLAN assessment scale. Any comparison of NAPLAN results – such as comparisons to previous NAPLAN results or to results for students who did the assessment in a different format – should be treated with care.

# Parent/caregiver, student, teacher satisfaction

At Lavington Public School we value feedback from all members of our school community. This feedback helps us to understand how we can improve our performance, and which teaching and learning strategies are most likely to be effective.

Our staff are dynamic and diverse. They diligently apply themselves to develop and present engaging and challenging learning experiences in the classroom, and frequently involve themselves in a range of extracurricular activities to extend the learning opportunities of their students. Staff utilise various forms of communication including the SkoolBag app, Class Dojo, newsletter, email, website, Facebook, information sessions and face to face meetings.

Our parents view Lavington Public School in a positive light and frequently recommend enrolment in our school to the local community. Parent feedback received during 2019 has indicated that they value assemblies and parent teacher meetings as a positive form of communication and engagement with the school. Staff have worked to give parents timely notice of school events to assist in families attending school events such as Grandparents Day, Book Parade, Book Fair, assemblies, athletics and swimming carnivals etc. The use of the school newsletter was reduced in Term 3 and4, 2019. Feedback received from the P&C indicated that parents valued the newsletter due to the calendar, principal message, itemised information and photographs. In direct response to this feedback, the newsletter will return in 2020 in a new format. Our students enjoy positive interaction in the classroom and playgrounds with each other and staff. In 2019, 174 students completed the Tell Them From Me Survey. The Tell Them From Me survey provides indicators of student engagement and wellness, and the aspects of classroom and school learning environment that research has shown affect student engagement and learning outcomes. The survey showed that 65% of our students surveyed had a positive sense of belonging while at school and 80% had felt they had positive school relationships with their peers. Of these students, 90% felt they had quality instruction from teachers 93% of students said they valued schooling outcomes. This shows students at Lavington Public School feel that what they are learning at school is directly related to their long—term success, and this view is reflected in their classroom and school behaviour.

# **Policy requirements**

#### **Aboriginal Education Policy**

The responsibility for enacting the Aboriginal Education Policy rests with all Departmental staff. The policy should underpin and inform planning, teaching practice and approaches to educational leadership in all educational settings.

Evidence of effective implementation of the policy included:

- Establishing, building and strengthening relationships with the Local Aboriginal Education Consultative Group, Aboriginal people and communities.
- Providing, in partnership with Aboriginal people and communities, education which promotes quality teaching, is engaging, and is culturally appropriate and relevant.
- Aboriginal and Torres Strait Islander students will match or better the outcomes of the broader student population.
- Implementation of Personalised Learning Pathways for all Aboriginal students in a school culture of high expectations.

#### **Anti-Racism Policy**

All teachers are responsible for supporting students to develop an understanding of racism and discrimination and the impact these may have on individuals and the broader community. Principals are responsible for examining school practices and procedures to ensure they are consistent with the policy. All schools have an Anti–Racism Contact Officer who is trained to respond to concerns in relation to racism.

# **Multicultural Education Policy**

Teachers address the specific learning and wellbeing needs of students from culturally diverse backgrounds through their teaching and learning programs. Principals are responsible for ensuring that school policies, programs and practices respond to the cultural, linguistic and religious diversity of the school community, and provide opportunities that enable all students to achieve equitable education and social outcomes.
