

Regents Park Public School

2019 Annual Report

2950

Introduction

The Annual Report for 2019 is provided to the community of Regents Park Public School as an account of the school's operations and achievements throughout the year.

It provides a detailed account of the progress the school has made to provide high quality educational opportunities for all students, as set out in the school plan. It outlines the findings from self-assessment that reflect the impact of key school strategies for improved learning and the benefit to all students from the expenditure of resources, including equity funding.

School background

School vision statement

We are a future focussed learning community that is committed to ensuring all students receive a high quality education that is founded on high expectations and the belief that all students can learn and achieve given the appropriate time and support. Our learning community aims to develop accomplished and educated individuals who are active and confident members of their community through the provision of an education that promotes creativity, celebrates differences and understands and supports individual goals and aspirations.

School context

Regents Park Public School provides learning opportunities for approximately 290 students. The school is located in the Chullora School Education Area in South Western Sydney. The school caters for a diverse student population with 88% of students from a language background other than English. The most represented groups are from Cantonese, Mandarin, Arabic Speaking and Pacific –Islander backgrounds.

The school has approximately 30 full-time and part-time staff including executive staff, classroom teachers, librarian, English as a Second Language teachers, Learning and Support teachers, school counsellor, administrative staff, a general assistant and school learning support officers.

The school focuses on teacher professional learning and effective community partnerships to improve educational outcomes for students through tailored personalised learning in a supportive and respectfully challenging learning environment.

The school provides every student with access to technology suited to their age and purpose to utilise in a variety of learning activities. All classrooms have internet access to ensure students have the ability to locate information beyond the classroom and connect with others within the education community.

Regents Park Public School is part of the Early Action for Success initiative which commenced in Term 2, 2014. Staff are collaboratively working within a conceptual framework for improvement in student outcomes.

The school established a Support Unit in Term 1, 2019. The Support Unit, consisting of 3 specialist classes, caters for students with specific needs in their first year of schooling.

The school is also an active member of a community of schools – Regents Park, Auburn, Birrong and McCallums Hill who are working collectively to continue to improve student learning outcomes through participation in Instructional Rounds – viewing classroom practice across all sites and facilitating improvement through open discussion and reflection supported by ongoing professional learning and modification of teaching and learning practices.

Self-assessment and school achievement

This section of the annual report outlines the findings from self-assessment using the School Excellence Framework, school achievements and the next steps to be pursued.

This year, our school undertook self-assessment using the School Excellence Framework. The Framework is a statement of what is valued as excellence for NSW public schools, both now and into the future. The Framework supports public schools throughout NSW in the pursuit of excellence by providing a clear description of high quality practice across the three domains of Learning, Teaching and Leading.

Each year, we assess our practice against the Framework to inform our school plan and annual report.

Our self-assessment process will assist the school to refine our school plan, leading to further improvements in the delivery of education to our students.

Management of non-attendance

Attendance at school has a big impact on longer term outcomes for children and young people. When a child is not at school they miss important opportunities to learn, build friendships and develop their skills through play. Regular attendance at school is a shared responsibility between schools and parents. By working together we can have a positive effect on supporting our children and young people to regularly attend school.

Our teachers promote and monitor regular attendance at school and all our schools have effective measures in place to record attendance and follow up student absences promptly. They are guided by the School Attendance policy which details the management of non-attendance.

Aboriginal and Torres Strait Islander workforce composition

The Department actively supports the recruitment and retention of Aboriginal and/or Torres Strait Islander employees through the use of identified positions, scholarship opportunities to become a teacher and by providing a culturally safe workplace. As of 2019, 3.9% of the Department's workforce identify as Aboriginal people.

Workforce ATSI

Staff type	Benchmark ¹	2019 Aboriginal and/or Torres Strait Islander representation ²
School Support	3.30%	7.20%
Teachers	3.30%	2.90%

Note 1 – The NSW Public Sector Aboriginal Employment Strategy 2014–17 introduced an aspirational target of 1.8% by 2021 for each of the sector's salary bands. If the aspirational target of 1.8% is achieved in salary bands not currently at or above 1.8%, the cumulative representation of Aboriginal employees in the sector is expected to reach 3.3%.

Note 2 – Representation of diversity groups are calculated as the estimated number of staff in each group divided by the total number of staff. These statistics have been weighted to estimate the representation of diversity groups in the workforce, where diversity survey response rates were less than 100 per cent. The total number of staff is based on a headcount of permanent and temporary employees.

Teacher qualifications

All casual, temporary and permanent teachers in NSW public schools must hold a NSW Department of Education approval to teach. Teachers with approval to teach must be accredited with the NSW Education Standards Authority, and hold a recognised teaching degree. All NSW teachers must hold a valid NSW Working With Children Check clearance.

Professional learning and teacher accreditation

Professional learning is core to enabling staff to improve their practice.

Professional learning includes five student-free School Development Days and induction programs for staff new to our school and/or system. These days are used to improve the capacity of teaching and non-teaching staff in line with school and departmental priorities.

School performance - NAPLAN

In the National Assessment Program, the results across the Years 3, 5, 7 and 9 literacy and numeracy assessments are reported on a scale from Band 1 to Band 10. The achievement scale represents increasing levels of skills and understandings demonstrated in these assessments.

From 2018 to 2021 NAPLAN is moving from a paper test to an online test. Individual schools are transitioning to the online test, with some schools participating in NAPLAN on paper and others online. Results for both online and paper formats are reported on the same NAPLAN assessment scale. Any comparison of NAPLAN results – such as comparisons to previous NAPLAN results or to results for students who did the assessment in a different format – should be treated with care.

NAPLAN Online

The My School website provides detailed information and data for national literacy and numeracy testing. Go to myschool.edu.au to access the school data. As schools transition to NAPLAN online, the band distribution of results is not directly comparable to band averages from previous years. While the 10 band distribution available to schools who completed NAPLAN online is a more accurate reflection of student performance, caution should be taken when considering results relative to what was formerly a six band distribution. As the full transition of NAPLAN online continues, the most appropriate way to communicate results for NAPLAN online is by scaled scores and scaled growth. This is the reporting format agreed by state and territory education ministers, and is reflected on the [myschool](https://myschool.edu.au) website.

Parent/caregiver, student, teacher satisfaction

Students, teachers and parents expressed satisfaction in the school.

Students expressed satisfaction in the different modes of curriculum delivery and the resources available to them to actively participate in their learning. Students felt supported by their teachers and the principal and felt all were approachable.

Teachers expressed satisfaction in the support they received from their supervisors and principal. Teachers felt they were given opportunities to direct their professional learning and implement new learning within their classroom. Teachers expressed satisfaction in the availability of both human and material resources to be able to deliver high quality learning.

Parents expressed satisfaction in the teaching and learning provided across the school. They felt confident in the teaching staff and the leadership team. Parents expressed satisfaction in the resourcing of the school and the support their children received. They also expressed satisfaction in their ability to participate in learning and develop strong partnerships with the teaching staff.

Policy requirements

Aboriginal Education Policy

The responsibility for enacting the Aboriginal Education Policy rests with all Departmental staff. The policy should underpin and inform planning, teaching practice and approaches to educational leadership in all educational settings.

Evidence of effective implementation of the policy included:

- Establishing, building and strengthening relationships with the Local Aboriginal Education Consultative Group, Aboriginal people and communities.
- Providing, in partnership with Aboriginal people and communities, education which promotes quality teaching, is engaging, and is culturally appropriate and relevant.
- Aboriginal and Torres Strait Islander students will match or better the outcomes of the broader student population.
- Implementation of Personalised Learning Pathways for all Aboriginal students in a school culture of high expectations.

Anti-Racism Policy

All teachers are responsible for supporting students to develop an understanding of racism and discrimination and the impact these may have on individuals and the broader community. Principals are responsible for examining school practices and procedures to ensure they are consistent with the policy. All schools have an Anti-Racism Contact Officer who is trained to respond to concerns in relation to racism.

Multicultural Education Policy

Teachers address the specific learning and wellbeing needs of students from culturally diverse backgrounds through their teaching and learning programs. Principals are responsible for ensuring that school policies, programs and practices respond to the cultural, linguistic and religious diversity of the school community, and provide opportunities that enable all students to achieve equitable education and social outcomes.
