

2022 Annual Report

Russell Vale Public School

3973

Introduction

The Annual Report for 2022 is provided to the community of Russell Vale Public School as an account of the school's operations and achievements throughout the year.

It provides a detailed account of the progress the school has made to provide high quality educational opportunities for all students, as set out in the Strategic Improvement Plan. It outlines the findings from self-assessment that reflect the impact of key school strategies for improved learning and the benefit to all students from the expenditure of resources, including equity funding.

School vision

Russell Vale Public School sets high expectations for all students to reach their potential and develop as confident and creative individuals, successful lifelong learners, and active and informed members of the community. Our goal is for every student, every teacher and every leader to improve every year.

School context

Russell Vale Public School is a personal, family-oriented, community-focussed primary school located within picturesque parklands in the northern suburbs of Wollongong. Established in 1954, it has a proud tradition of academic, cultural, creative and sporting programs and achievements. Enrolments are currently at 283 students structured into 11 classes with 21 EAL/D and 9 Aboriginal students.

The teaching staff are experienced and work collaboratively to set high expectations for all students. A focus on explicit and effective teaching practices, coupled with a differentiated curriculum that is research and evidence-based drives student improvement. Embedded reflection on practice and engagement in ongoing high impact professional learning is integral to our pursuit of quality teaching practices.

There is a strong involvement of our supportive parent community, including an active and interested Parents and Citizens' Association and the Fathers of Russell Vale Kids (FORKS). We proudly deliver quality public education for the children and families we serve.

The school completed External Validation in 2020, followed by a situational analysis that has identified three areas of focus for this Strategic Improvement Plan.

When analysis was conducted against the student outcome measures it was evident that expected growth in both Reading and Numeracy would be an area for explicit focus in the new Strategic Improvement Plan. Target areas in Reading and Numeracy have been identified using internal and external data and will be a focus for professional learning and in class support.

Reflecting on the *What Works Best* strategies, it became apparent that there are many inter-dependencies between the themes. Having reflected on our implementation of practices in the past, we have prioritised establishing sustainable structures and processes for leading continual improvement, innovation and change. These activities will focus on continuing to develop and sustaining whole school processes for collecting and analysing data to ensure the implementation of contextually appropriate curriculum provision underpinned by evidence-informed strategies and embedded evaluative practices to improve student learning outcomes in Reading and Numeracy.

Strategic Directions:

1. Student growth and attainment
2. Quality Teaching - Effective Classroom Practice
3. High Expectations, High Potential, High Performance

Self-assessment and school achievement

This section of the annual report outlines the findings from self-assessment using the School Excellence Framework, school achievements and the next steps to be pursued.

This year, our school undertook self-assessment using the School Excellence Framework. The Framework is a statement of what is valued as excellence for NSW public schools, both now and into the future. The Framework supports public schools throughout NSW in the pursuit of excellence by providing a clear description of high quality practice across the three domains of Learning, Teaching and Leading.

Each year, we assess our practice against the Framework to inform our Strategic Improvement Plan and annual report.

Our self-assessment process will assist the school to refine our Strategic Improvement Plan, leading to further improvements in the delivery of education to our students.

For more information about the School Excellence Framework: <https://education.nsw.gov.au/teaching-and-learning/school-excellence-and-accountability>

Self-assessment using the School Excellence Framework

Elements	2022 School Assessment
LEARNING: Learning Culture	Sustaining and Growing
LEARNING: Wellbeing	Sustaining and Growing
LEARNING: Curriculum	Sustaining and Growing
LEARNING: Assessment	Sustaining and Growing
LEARNING: Reporting	Sustaining and Growing
LEARNING: Student performance measures	Delivering
TEACHING: Effective classroom practice	Sustaining and Growing
TEACHING: Data skills and use	Sustaining and Growing
TEACHING: Professional standards	Sustaining and Growing
TEACHING: Learning and development	Sustaining and Growing
LEADING: Educational leadership	Excelling
LEADING: School planning, implementation and reporting	Sustaining and Growing
LEADING: School resources	Excelling
LEADING: Management practices and processes	Excelling

Strategic Direction 1: Student growth and attainment

Purpose

In order to maximise student learning outcomes in reading and numeracy and to build strong foundations for academic success, we will further develop and refine data driven teaching and assessment practices that are responsive to the learning needs of individual students.

Initiatives

This year our school implemented the following initiatives to support the realisation of the four year Strategic Improvement Plan and the achievement of system-negotiated and school-determined targets.

- Data to inform practice

Resources allocated to this strategic direction

Literacy and numeracy: \$31,078.00

English language proficiency: \$2,535.00

Summary of progress

In 2022, the focus of the school's work in Strategic Direction One was on reviewing internal and external data for literacy, with a strategic focus on reading. The school worked closely with the School Strategic Support team to identify the school need from the School Level Analysis Tool and Contributing Factors Tool to generate a good hypothesis about the contributing factors that need to be addressed, in order to drive improvement. A Theory of Action was developed defining our specific focus of improvement for reading in the area of comprehension. These tools indicated that Teachers needed to deepen their understanding of an evidence-based approach to the teaching of comprehension and the use of evidence-based teaching practices (modelled, guided, independent practice).

School leaders unpacked data with their staff to enhance their understanding of what areas need to be a focus. Relevant professional learning was provided to support teachers to improve their teaching practice and to develop a shared understanding for the school focus, linking student needs to professional learning. The outcome of this was that there was an increase in teachers' knowledge of expected student progression in knowledge, understanding and skill and an increase in teachers engaging in professional discussions from the targeted professional learning with other staff.

Next year, Term 1 will focus on an investigation of how teachers are using their knowledge and skills in reading comprehension and to create sustained systems (induction) for new staff to consolidate practice. Beginning in Term 2, the school will be switching our focus to Mathematics, relying on the structures and processes developed throughout Strategic School Support.

Progress towards achieving improvement measures

The annual progress measures indicate the expected annual level of achievement for each improvement measure, aligned to the initiatives, in the Strategic Improvement Plan. Schools evaluate their achievement against annual progress measures to determine progress and inform future planning.

Annual progress measure	Progress towards achievement
2.89% uplift in the percentage of students achieving in the top two bands of NAPLAN reading	• 2022 NAPLAN data indicates 47.06% of students are in the top two skill bands for reading indicating the school did not achieve the system negotiated target.
Increase in the percentage of students making expected growth in NAPLAN reading to be above the system negotiated baseline target.	• Student achievement data is unavailable for this progress measure in 2022 with an absence of comparison data from the 2020 cancellation of NAPLAN.
2.9% uplift in the percentage of students achieving in the top two bands of NAPLAN numeracy	• 2022 NAPLAN data indicates 29.41% of students are in the top two skill bands for reading indicating the school did not achieve the system negotiated target.
Increase in the percentage of students making expected growth in NAPLAN numeracy to be above the system	• Student achievement data is unavailable for this progress measure in 2022 with an absence of comparison data from the 2020 cancellation of NAPLAN.

<p>negotiated baseline target.</p>	
<p>SEF Elements Learning:</p> <ul style="list-style-type: none"> • <i>Curriculum (Teaching and learning programs - theme)</i> continues to show movement within the individual themes from Sustaining and Growing to Excelling • <i>Assessment</i> element continues to show movement within the individual themes from Sustaining and Growing to Excelling • <i>Student Performance Measures (NAPLAN, Internal and external measures against syllabus standards - themes)</i> continues to show movement from Sustaining and Growing to Excelling <p>SEF Elements Teaching:</p> <ul style="list-style-type: none"> • <i>Data Skills and Use</i> continues to show movement within the individual themes from Sustaining and Growing to Excelling <p>Tell Them From Me Surveys</p> <ul style="list-style-type: none"> • Teacher results in <i>Data Informs Practice</i> continue to rise and are above the NSW Govt Norm 	<ul style="list-style-type: none"> • Self-assessment against the School Excellence Framework shows the school currently performing at sustaining and growing in the theme of Teaching and learning programs (Curriculum). • Self-assessment against the School Excellence Framework shows the school currently performing at sustaining and growing in the element of Assessment. • Self-assessment against the School Excellence Framework shows the school currently performing at delivering in the element of Student Performance Measures. • Self-assessment against the School Excellence Framework shows the school currently performing at sustaining and growing in the element of Data Skills and Use. • Tell Them From Me data indicates a score of 7.9 (NSW Govt Norm - 7.8) in Teaching Strategies by Teachers.

Strategic Direction 2: Quality Teaching - Effective Classroom Practice

Purpose

Quality teaching and leadership is essential to schools that excel. Targeted and relevant professional learning will enable teachers and leaders to develop every year. Explicit systems for collaboration and feedback will sustain quality teaching practice, with a focus on the impact of professional learning on the quality of teaching and student learning outcomes.

Initiatives

This year our school implemented the following initiatives to support the realisation of the four year Strategic Improvement Plan and the achievement of system-negotiated and school-determined targets.

- Explicit and Systematic Teaching
- Collaborative Practice

Resources allocated to this strategic direction

Professional learning: \$8,490.00

QTSS release: \$53,897.00

Per capita: \$13,375.00

Summary of progress

2022 focussed on the use collaborative practices to enhance knowledge and implementation of effective comprehension lessons through teaching sprints.

The school followed the Theory of Action and engaged staff in professional learning related to the evidence-based explicit teaching of comprehension (science of reading, syllabus, progressions) and developed a whole school explicit teaching framework (modelled, guided and independent practice). Professional learning focussed on the creation and adoption of a K-6 explicit teaching model to be reflected in programs. Teacher professional learning focussed on making a clear articulation of the learning intention for students that is evidenced in programs and the adoption of a whole-school language for the success criteria and learning intention. There was a strong focus on the development of the consistent and reliable use of formative assessment based upon the success criteria and learning intentions and embedding feedback to students in the learning sequence, ensuring students are provided time to act on feedback.

This professional learning resulted in an increase teachers' knowledge of evidence-based effective teaching strategies (including explicit teaching) and enhancing teachers' ability to practice evidence-based effective teaching strategies. Teachers used a range of explicit strategies in each lesson to explain and break down knowledge. This includes questioning; reviewing previous content and learning; previewing planned content; checking that students understand feedback and expectations; assessing student learning needs.

Teachers partook in classroom observations and the modelling of effective practice and the school adopted explicit teaching as the main teaching practice. Students have an increased understanding in their learning and what they need to learn next in comprehension.

Next year, further work will be required to ensure that there will be consistency in lesson planning and comprehension across the school so that evidence-based teaching strategies will be employed to optimise learning progress for all students, across the full range of abilities. This will be done by engaging staff in the process of developing an 'Agreement of Practice' and a 'Consistent Model of Programming' in reading.

Progress towards achieving improvement measures

The annual progress measures indicate the expected annual level of achievement for each improvement measure, aligned to the initiatives, in the Strategic Improvement Plan. Schools evaluate their achievement against annual progress measures to determine progress and inform future planning.

Strategic Direction 3: High Expectations, High Potential, High Performance

Purpose

All students will be challenged and engaged in curriculum experiences in order to develop their potential. A culture of high expectations that informs differentiation will be supported by strategies that both challenge and support all students' learning.

Initiatives

This year our school implemented the following initiatives to support the realisation of the four year Strategic Improvement Plan and the achievement of system-negotiated and school-determined targets.

- Personalised Learning
- Curriculum Implementation

Resources allocated to this strategic direction

Low level adjustment for disability: \$93,616.61

Socio-economic background: \$43,209.00

Integration funding support: \$13,010.00

Per capita: \$5,634.00

Professional learning: \$9,622.00

Aboriginal background: \$9,240.00

Summary of progress

The school's work in Strategic Direction 3 focused on challenging students through engagement in curriculum experiences in order to develop their potential through high expectations that informs differentiation and strategies that both challenge and support all students' learning.

K-2 Teachers spent the year unpacking and implementing the new curriculum in anticipation of the 2023 release as a self-selector school as an early adopter for implementation and feedback. All teachers provided personalised learning and targeted support, while creating a teaching and learning environment that is inclusive, promotes the intellectual engagement of all students, including high potential, and reflects individual strengths, needs and learning directions, ensuring that the school offers a curriculum that provides equitable opportunities for all students.

High Impact Professional Learning included the familiarisation and planning for the High Potential and Gifted Education Policy. A team of school leaders attended the Wollongong North and Wollongong Networks Community of Practice to engage in professional discussion, lead school-based professional learning and evidence the implementation of practice.

Other resources allocated enabled the Learning and Support Team to integrate with whole school practices catering to students with socio-economic background, low level adjustment for disability and integration funding. This includes the employment of a Learning and Support Teacher (0.8) and Student Learning Support Officers (SLSOs) to support Learning Support Team programs and interventions.

This work will continue next year as the High Potential and Gifted Education Policy gets implemented across the school and the new curriculum is released for Years 3-6 for unpacking and early implementation. Teachers in K-2 will focus on contextualising the new units of work to their students' needs.

Progress towards achieving improvement measures

The annual progress measures indicate the expected annual level of achievement for each improvement measure, aligned to the initiatives, in the Strategic Improvement Plan. Schools evaluate their achievement against annual progress measures to determine progress and inform future planning.

Annual progress measure	Progress towards achievement
Attendance <ul style="list-style-type: none">• 4.72% uplift in the percentage of students attending >90% of the time	<ul style="list-style-type: none">• The number of students attending greater than 90% of the time or more has decreased significantly to 57.12%, however this figure was significantly affected by the public health orders.
SEF Elements Teaching: <ul style="list-style-type: none">• Curriculum (Curriculum provision - theme) continues to show movement	<ul style="list-style-type: none">• Self-assessment against the School Excellence Framework shows the school currently performing at sustaining and growing in the theme of Curriculum provision.

<p>from Sustaining and Growing to Excelling</p> <p>SEF Elements Learning:</p> <ul style="list-style-type: none"> • <i>Learning Culture (High expectations - theme)</i> continues to show movement from Sustaining and Growing to Excelling • <i>Student Performance Measures (Student growth - theme)</i> continues to show movement from Sustaining and Growing to Excelling <p>Tell Them From Me Surveys</p> <ul style="list-style-type: none"> • Student results in <i>Expectations for Success</i> continue to rise and are above the NSW Govt Norm • Teacher results in <i>Parent Involvement</i> continue to rise and are above the NSW Govt Norm • Teacher results in <i>Challenging and Visible Goals</i> continue to rise and are above the NSW Govt Norm • Teacher results in <i>Quality Feedback</i> continue to rise and are above the NSW Govt Norm 	<ul style="list-style-type: none"> • Self-assessment against the School Excellence Framework shows the school currently performing at excelling in the theme of High expectations. • Self-assessment against the School Excellence Framework shows the school currently performing at delivering in the theme of Student growth. • Tell Them From Me data indicates a score of 8.2 in Expectations for Success. • Tell Them From Me data indicates a score of 7.0 in Parent Involvement by Teachers. • Tell Them From Me data indicates a score of 7.4 in Challenging and Visible Goals by Teachers. • Tell Them From Me data indicates a score of 7.5 in Quality Feedback by Teachers.
<p>Wellbeing</p> <ul style="list-style-type: none"> • 5.4% uplift in the percentage of students reporting <i>Advocacy, Expectations for Success and Sense of Belonging</i> in the Tell Them From Me surveys 	<ul style="list-style-type: none"> • Tell Them From Me data shows an improvement of 2.61% of reported positive wellbeing, including a 6.31% increase in advocacy at school, 0.3% increase in sense of belonging and 1.1% increase in expectations of success.

Funding sources	Impact achieved this year
<p>Integration funding support</p> <p>\$13,010.00</p>	<p>Integration funding support (IFS) allocations support eligible students at Russell Vale Public School in mainstream classes who require moderate to high levels of adjustment.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Personalised Learning <p>Overview of activities partially or fully funded with this targeted funding include:</p> <ul style="list-style-type: none"> • intensive learning and behaviour support for funded students • implementation of targeted programs to differentiate teaching and learning programs • employment of staff to provide additional support for students who have high-level learning needs <p>The allocation of this funding has resulted in the following impact: all eligible students demonstrating progress towards their personalised learning goals. All Personal Learning and Support Plans (PLaSPs) were regularly updated and responsive to student learning needs and progress ensuring eligible students receive personalised learning and support within their own classrooms.</p> <p>After evaluation, the next steps to support our students will be: to support the funded students in the classroom with SLSO support, reviewing and reporting on their personal learning goals across the year in response to needs. The use of integration funding will be adjusted throughout the year in response to student PLaSPs reviews to ensure funding is used to specifically address each student's support needs.</p>
<p>Socio-economic background</p> <p>\$43,209.00</p>	<p>Socio-economic background equity loading is used to meet the additional learning needs of students at Russell Vale Public School who may be experiencing educational disadvantage as a result of their socio-economic background.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Personalised Learning <p>Overview of activities partially or fully funded with this equity loading include:</p> <ul style="list-style-type: none"> • additional staffing to implement the Learning and Support Team to support identified students with additional needs • equitable access to specialist resources • engage with external providers to support student engagement and retention • resourcing to increase equitability of resources and services <p>The allocation of this funding has resulted in the following impact: identified students accessing additional learning support from teachers and School Learning Support Officers (SLSOs). All students demonstrated progress towards their learning goals as detailed in their personalised learning plans.</p> <p>After evaluation, the next steps to support our students will be: to continue to supplement/extend the Learning and Support Team staff to ensure well-developed and evidence-based approaches address the needs of students who require additional assistance in learning and/or wellbeing.</p>
<p>Aboriginal background</p> <p>\$9,240.00</p>	<p>Aboriginal background equity loading is used to meet the specific learning needs of Aboriginal students at Russell Vale Public School. Funds under this equity loading have been targeted to ensure that the performance of Aboriginal students in NSW public schools, across a broad range of key</p>

<p>Aboriginal background</p> <p>\$9,240.00</p>	<p>educational measures, improves to match or better those of the broader student population, while maintaining cultural identity.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Personalised Learning <p>Overview of activities partially or fully funded with this equity loading include:</p> <ul style="list-style-type: none"> • community consultation and engagement to support the development of cultural competency • staffing release to support development and implementation of Personalised Learning Pathways <p>The allocation of this funding has resulted in the following impact: the creation and development of an environment that fosters higher levels of knowledge and pride in Aboriginal and Torres Strait Islander histories, cultures and contributions. Tell Them From Me data indicated that 63% of Aboriginal Students Strongly Agree that they feel good about their culture at school, while 25% Agree, showing an increase of 17%.</p> <p>After evaluation, the next steps to support our students will be: to continue strengthen the school's Personalised Learning Pathway processes to identify, organise and apply personal approaches to learning and engagement for all Aboriginal Students.</p>
<p>English language proficiency</p> <p>\$2,535.00</p>	<p>English language proficiency equity loading provides support for students at all four phases of English language learning at Russell Vale Public School.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Data to inform practice <p>Overview of activities partially or fully funded with this equity loading include:</p> <ul style="list-style-type: none"> • establish a core practice for supporting students learning English as an Additional Language or Dialect <p>The allocation of this funding has resulted in the following impact: EAL/D students becoming more confident and prepared to take risks with their language use, as noted in teacher observations, work samples and the EAL/D learning progression.</p> <p>After evaluation, the next steps to support our students will be: to provide extra support to identified teachers increase teacher capacity to support EAL/D learners to support growth on the EAL/D learning progression.</p>
<p>Low level adjustment for disability</p> <p>\$93,616.61</p>	<p>Low level adjustment for disability equity loading provides support for students at Russell Vale Public School in mainstream classes who have a disability or additional learning and support needs requiring an adjustment to their learning.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Personalised Learning <p>Overview of activities partially or fully funded with this equity loading include:</p> <ul style="list-style-type: none"> • engaging a learning and support teacher to work with individual students and in a case management role within the classroom/whole school setting • providing support for targeted students within the classroom through the employment of School Learning and Support Officers • targeted students are provided with an evidence-based intervention (Maqlit) to increase learning outcomes

<p>Low level adjustment for disability</p> <p>\$93,616.61</p>	<ul style="list-style-type: none"> • employment of LaST and interventionist teacher • development of a needs-based learning and support program in which specialist staff collaborated with classroom teachers to build capacity in meeting the literacy needs of identified students <p>The allocation of this funding has resulted in the following impact: an increase of students achieving at or above expected growth in NAPLAN results. The school has achieved a consistent approach to student learning support and interventions with all teachers regularly timetabled to attend Learning and Support Team meetings and subsequent collaborative learning support activities.</p> <p>After evaluation, the next steps to support our students will be: to continue to expand the impact of the learning support team. The school will provide additional support for identified students through the increase of the Learning and Support Teacher to 0.8 and the employment of trained SLSOs.</p>
<p>Professional learning</p> <p>\$18,112.00</p>	<p>Professional learning funding is provided to enable all staff to engage in a cycle of continuous professional learning aligned with the requirement of the Professional Learning for Teachers and School Staff Policy at Russell Vale Public School.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Explicit and Systematic Teaching • Collaborative Practice • Personalised Learning • Curriculum Implementation <p>Overview of activities partially or fully funded with this initiative funding include:</p> <ul style="list-style-type: none"> • engaging a specialist teacher to unpack evidence-based approaches to teaching reading with a focus on comprehension and explore evidence-based practices. <p>The allocation of this funding has resulted in the following impact: increased capacity of all teachers to embed effective practices in the explicit teaching of reading, with a focus on comprehension, resulting in improved internal student results.</p> <p>After evaluation, the next steps to support our students will be: personalised and targeted professional learning for staff new to the school or returning from leave in the form of modelling, mentoring and co-teaching.</p>
<p>Literacy and numeracy</p> <p>\$31,078.00</p>	<p>The literacy and numeracy funding allocation is provided to address the literacy and numeracy learning needs of students at Russell Vale Public School from Kindergarten to Year 6.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Data to inform practice <p>Overview of activities partially or fully funded with this initiative funding include:</p> <ul style="list-style-type: none"> • staff training and support in literacy with a focus on reading comprehension • targeted professional learning to improve reading comprehension • resources to support the quality teaching of reading comprehension • updating reading resources to meet the needs of students <p>The allocation of this funding has resulted in the following impact: differentiated teaching through on-going formative assessment. This intensive professional learning approach has resulted in improved engagement in learning and student achievement. Evidence can be seen in a combination of internal assessments, teacher observations and external</p>

<p>Literacy and numeracy</p> <p>\$31,078.00</p>	<p>assessments.</p> <p>After evaluation, the next steps to support our students will be: engagement of additional teaching staff (Assistant Principal Curriculum and Instruction) using other funding to strengthen and continue our professional learning cycle of LEARN - DO - REFLECT.</p>
<p>QTSS release</p> <p>\$53,897.00</p>	<p>The quality teaching, successful students (QTSS) allocation is provided to improve teacher quality and enhance professional practice at Russell Vale Public School.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Collaborative Practice <p>Overview of activities partially or fully funded with this initiative funding include:</p> <ul style="list-style-type: none"> • executive staffing release to align professional learning to the Strategic Improvement Plan, evaluate professional learning and develop the capacity of staff <p>The allocation of this funding has resulted in the following impact: improved staff confidence and teaching practice. Teachers use learning intentions, success criteria and have a strong focus on formative assessment. Teachers have now embedded evidence-based, high impact teaching strategies within their classroom practice.</p> <p>After evaluation, the next steps to support our students will be: staffing release to align professional learning to the SIP and develop the capacity of staff.</p>
<p>COVID ILSP</p> <p>\$110,920.00</p>	<p>The purpose of the COVID intensive learning support program is to deliver intensive small group tuition for students who have been disadvantaged by the move to remote and/or flexible learning and were identified by their school as most likely to benefit from additional support in 2022.</p> <p>Funds have been targeted to provide additional support to students enabling initiatives in the school's strategic improvement plan including:</p> <ul style="list-style-type: none"> • Other funded activities <p>Overview of activities partially or fully funded with this targeted funding include:</p> <ul style="list-style-type: none"> • employment of teachers to deliver small group tuition • providing targeted, explicit instruction for student groups in literacy and numeracy <p>The allocation of this funding has resulted in the following impact: the majority of the students in the program achieving significant progress towards their personal learning goals and/or PLAN 2 learning progression data.</p> <p>After evaluation, the next steps to support our students will be: to continue the implementation of literacy and numeracy small group tuition using data sources to identify specific student need. The school learning and support processes have been revised and will now involve regular monitoring of students as they transition back into classrooms. Providing additional in-class support for some students to continue to meet their personal learning goals will continue to be a priority.</p>

Attendance

NSW student attendance data in 2020 is not comparable to previous years due to the effects of the COVID-19 pandemic. The NSW Government encouraged students to learn from home, where possible, for a seven week period from 24 March to 22 May 2020. During this period, schools monitored engagement with learning to determine whether students were marked present. This changed the attendance measure. There was also some evidence of varied marking practices as schools adjusted to the learning from home period, with some schools recording higher attendance rates while others recording markedly lower rates.

Attendance figures from 2021 were calculated differently to align with the third edition of ACARA's National Standards for Student Attendance Data and Reporting. Changes include treating partial absences over 120 minutes as a half day absence (instead of their actual value, calculated as a proportion of a nominal 6-hour day) and covers all weeks during Semester 1. Prior to 2021, the final week of Term 2 was excluded.

Furthermore, the department implemented an automated attendance feed (AAF) system in Semester 1 2021. AAF transfers data automatically from third-party attendance management systems to the department's centralised data warehouse every night. The AAF significantly improved data quality in 2021, which has affected data comparability with previous years.

Although there were no state-wide or regional lockdowns in NSW during Semester 1 2021, COVID-19 continued to affect student attendance. Analysis of attendance codes showed a change in the structure of absence reasons in 2021.

Although there were no state-wide or regional lockdowns in NSW during Semester 1 2022, student attendance was impacted by a range of factors:

- Families evacuating and relocating due to NSW floods
- Sick students staying at home until a negative COVID-19 test was returned
- Household members testing positive to COVID-19
- The easing of COVID-19 border controls at the beginning of 2022 which allowed families to travel inter-state and overseas.

Management of non-attendance

Attendance at school has a big impact on longer term outcomes for children and young people. When a child is not at school they miss important opportunities to learn, build friendships and develop their skills through play. Regular attendance at school is a shared responsibility between schools and parents. By working together we can have a positive effect on supporting our children and young people to regularly attend school.

Our teachers promote and monitor regular attendance at school and all our schools have effective measures in place to record attendance and follow up student absences promptly. They are guided by the School Attendance policy which details the management of non-attendance.

Workforce information

Workforce composition

Position	FTE*
Principal(s)	1
Assistant Principal(s)	3
Classroom Teacher(s)	9.43
Learning and Support Teacher(s)	0.6
Teacher Librarian	0.6
School Administration and Support Staff	2.47

*Full Time Equivalent

Workforce composition statement

From 2022 onwards, the new Assistant Principal Curriculum and Instruction (APCI) roles form part of entitlement. The FTE of these roles are counted as per entitlement in line with other non-deputy principal/head teacher executive positions as there is no off-set requirement from the teaching allocation. The APCI is included under the assistant principal(s) position grouping.

Aboriginal and Torres Strait Islander workforce composition

The department actively supports the recruitment and retention of Aboriginal and/or Torres Strait Islander employees through the use of identified positions, and scholarship opportunities to become a teacher and by providing a culturally safe workplace. As of 2022, 4.6% of the department's overall workforce identify as Aboriginal and/or Torres Strait Islander Peoples.

Aboriginal and Torres Strait Islander school workforce composition

Staff type	Benchmark ¹	2022 Aboriginal and/or Torres Strait Islander representation ²
School Support	3.00%	4.10%
Teachers	3.00%	3.30%

Note 1: The NSW Public Sector Aboriginal Employment Strategy 2019-2025 takes a career pathway approach in that it sets an ambitious target of 3% Aboriginal employment at each non-executive grade of the public sector by 2025.

Note 2: Representation of diversity groups are calculated as the estimated number of staff in each group divided by the total number of staff. These statistics have been weighted to estimate the representation of diversity groups in the workforce, where diversity survey response rates were less than 100 per cent. The total number of staff is based on a headcount of permanent and temporary employees.

Teacher qualifications

All casual, temporary and permanent teachers in NSW public schools must hold a NSW Department of Education approval to teach. Teachers with approval to teach must be accredited with the NSW Education Standards Authority, and hold a recognised teaching degree. All NSW teachers must hold a valid NSW Working With Children Check clearance.

Professional learning and teacher accreditation

Professional learning is core to enabling staff to improve their practice. Professional learning includes five student-free School Development Days and induction programs for staff new to our school and/or system. These days are used to improve the capacity of teaching and non-teaching staff in line with school and departmental priorities.

Financial information

Financial summary

The information provided in the financial summary includes reporting from 1 January 2022 to 31 December 2022. The Principal is responsible for the financial management of the school and ensuring all school funds are managed in line with department policy requirements.

	2022 Actual (\$)
Opening Balance	110,065
Revenue	2,769,094
Appropriation	2,669,147
Sale of Goods and Services	13,164
Grants and contributions	84,674
Investment income	1,875
Other revenue	233
Expenses	-2,647,879
Employee related	-2,405,829
Operating expenses	-242,050
Surplus / deficit for the year	121,215
Closing Balance	231,281

Figures presented in this report may be subject to rounding so may not reconcile exactly with the bottom line totals, which are calculated without any rounding.

Financial summary - Equity loadings

The equity loading data is the main component of the 'Appropriation' line item of the financial summary above.

	2022 SBAR Adjustments (\$)
Targeted Total	13,010
Equity Total	148,602
Equity - Aboriginal	9,241
Equity - Socio-economic	43,209
Equity - Language	2,535
Equity - Disability	93,617
Base Total	2,163,336
Base - Per Capita	73,024
Base - Location	0
Base - Other	2,090,311
Other Total	127,876
Grand Total	2,452,823

Figures presented in this report may be subject to rounding so may not reconcile exactly with the bottom line totals, which are calculated without any rounding.

School performance - NAPLAN

In the National Assessment Program, the results across the Years 3, 5, 7 and 9 literacy and numeracy assessments are reported on a scale from Band 1 to Band 10. The achievement scale represents increasing levels of skills and understandings demonstrated in these assessments.

The My School website provides detailed information and data for national literacy and numeracy testing. Go to myschool.edu.au to access the school data.

Parent/caregiver, student, teacher satisfaction

All parents and carers were surveyed about their satisfaction with Russell Vale Public School.

20 parent/carer replies were received, representing 10% of families. There were 13 questions inquiring about areas regarding resources, connection to the community, contact with teachers, acceptance of all students, student welfare and discipline, challenging programs, high expectations, extracurricular programs, reporting to parents and homework. Out of a possible 260 responses, only 9 disagreed, meaning that 97% of responses either agreed or strongly agreed.

All teaching staff were surveyed about their satisfaction with Russell Vale Public School. 12 responses were received. There were 13 questions inquiring about areas regarding the environment, communication, resourcing, guidance, high expectations, responsibilities of learning, balance of learning, reflection, research, professional learning and diversity. Overall, 97% of teachers either strongly agreed or agreed with the questions.

All students in years 4-6 participated in the Tell Them From Me survey provided by the Department. Although this survey does not directly request satisfaction data, 80% of students indicated that they feel proud of their school, while 12% neither agreed or disagreed and 8% either disagreed or strongly disagreed.

Policy requirements

Aboriginal Education Policy

The responsibility for enacting the Aboriginal Education Policy rests with all departmental staff. The policy should underpin and inform planning, teaching practice and approaches to educational leadership in all educational settings.

Evidence of effective implementation of the policy included:

- Establishing, building and strengthening relationships with the Local Aboriginal Education Consultative Group, Aboriginal people and communities.
- Providing, in partnership with Aboriginal people and communities, education which promotes quality teaching, is engaging, and is culturally appropriate and relevant.
- Aboriginal and Torres Strait Islander students will match or better the outcomes of the broader student population.
- Implementation of Personalised Learning Pathways for all Aboriginal students in a school culture of high expectations.

Anti-Racism Policy

All teachers are responsible for addressing incidents of racism and supporting students to develop an understanding of racism and discrimination and the impact these may have on individuals and the broader community. The Principal is responsible for examining school practices and procedures to ensure they are consistent with the policy. The school has an Anti-Racism Contact Officer who is trained to respond to concerns in relation to racism.

Multicultural Education Policy

Teachers are responsible for addressing the specific learning and wellbeing needs of students from culturally diverse backgrounds through their teaching and learning programs. The Principal is responsible for ensuring that school policies, programs and practices respond to the cultural, linguistic and religious diversity of the school community, and provide opportunities that enable all students to achieve equitable education and social outcomes.
