

# School plan 2018-2020

## Hilltop Road Public School 3997

# School background 2018–2020

## School vision statement

“Our community of learners must succeed in an education worth having.”

## School context

Hilltop Road Public School situated in the Western Sydney region. The community represents over 23 cultural groups, including 70% from a non-English speaking background. A dynamic and dedicated staff work closely with the community, to promote a positive and engaging learning environment. The school's vision recognises the school as a community of learners, where all stakeholders are engaged in authentic learning experiences.

The highly professional, cohesive staff is committed to professional learning, collaborative planning and team work and designing learning that inspires students to succeed in an inclusive environment.

Hilltop Road Public School nurtures individual difference and develops rich and authentic programs that prepare students to be active members of the global community.

Staff are also committed to developing the students' ability to articulate their learning and know themselves as a learner. These practices are enhanced through innovative information and communication technologies.

Parental involvement is recognised as a vital link in the partnership between home, school and the community. We embrace the diversity of the school community and the cultural richness that it provides. A strong partnership exists between students, parents and staff, characterised by trust, support and cooperation. The school's Community Liaison Officer supports families in the school through a variety of initiatives catering to their interests and needs

## School planning process

The Hilltop Road Public School planning process has been authentic, collaborative and consultative.

Staff, students and the community have consulted in a variety of ways to establish our school vision and strategic directions. This consultation has included;

- student, teacher and parent feedback
- online surveys
- analysis of school and external student data
- reviewing professional learning
- the formation of action learning teams develop the purpose, process, products and practices which align with the strategic directions
- detailed discussions with a variety of community groups including; the P&C, Lead the Way and external organisations and partners

This plan is owned by the Hilltop Road School community who will work together to ensure 'Our community of learners succeed in an education worth having'.

# School strategic directions 2018–2020

## STRATEGIC DIRECTION 1

Engaged, self– directed,  
successful, globally aware,  
lifelong learners

### Purpose:

Create educational environments where critical skills and capabilities are developed through innovative and dynamic teaching and learning practices.

Student agency is cultivated as students are empowered to be risk takers, effective communicators, creative problem solvers and active global citizens. They have the capacity to be accountable to their learning goals and reflect on their own progress to become successful learners.

Enrich student experience by providing authentic and connected learning opportunities through positive partnership that extend beyond the classroom.

## STRATEGIC DIRECTION 2

Strategic, connected and  
personalised professional  
learning

### Purpose:

Develop and deepen pedagogical knowledge and practice in order to empower teachers to be reflective, researchers and facilitators. Personalised professional learning opportunities for staff utilise the NSW Professional Teaching Standards, and involve various learning partners.

A conducive environment with processes and practices to support staff to build a deep knowledge around the dispositions and capabilities necessary to enhance a culture of innovation for effective, future focused teaching and learning.

## STRATEGIC DIRECTION 3

Authentic community learning  
and partnerships

### Purpose:

Develop a strong community of learners that co–create opportunities for our young people and the community to succeed.

Enhance partnership through innovative parent and community learning, leading to increased student and parent engagement in the learning process.

# Strategic Direction 1: Engaged, self– directed, successful, globally aware, lifelong learners

## Purpose

Create educational environments where critical skills and capabilities are developed through innovative and dynamic teaching and learning practices.

Student agency is cultivated as students are empowered to be risk takers, effective communicators, creative problem solvers and active global citizens. They have the capacity to be accountable to their learning goals and reflect on their own progress to become successful learners.

Enrich student experience by providing authentic and connected learning opportunities through positive partnership that extend beyond the classroom.

## Improvement Measures

- The school has identified what grow this expected for each student and students are achieving higher than expected growth on internal school progress and achievement data (SEF v2)
- Teachers routinely review learning with each student both in class and on work submitted, ensuring all students have a clear understanding of how to improve. Student feedback is elicited by teachers and informs their teaching. Student errors and misunderstandings are explicitly addressed until teachers and students are confident that mastery is demonstrated. (SEF v2)
- Triple T action research data demonstrates students attaining higher levels, demonstrating their ability to articulate their learning and themselves as learners
- Presentations of Learning demonstrate deep learning that has occurred during

## People

### Students

- Develop their oracy skills in order to be effective communicators.
- Engage informative assessment strategies – LISC, Peer critique, goal setting, multipledrafts etc.
- Engage inauthentic learning experiences and create products and services that are connected to the global community.
- Achieve set academic and personal goals.

### Staff

- Provides students with choice and responsibility for what and how they learn.
- Creates opportunity for creativity, exploration and learning through challenges as well as success.
- Provides structure and support with clear and explicit instruction.
- Facilitates substantive, sustained and reciprocal communication between self and learners & learner to learner.

### Parents/Carers

- Engage in active partnerships to share student learning and achievement.
- Participate and contribute to authentic learning experiences.

### Community Partners

- Working collaboratively to enhance the learning experiences for students.

### Leaders

## Processes

- Ensure students are reaching the **general capabilities and progression** targets in the syllabus
- Provide an environment and opportunities for students to explore their **passions** and curiosities. (*Kids Teaching Kids & High potential learners* )
- Encourage and provide opportunities for students to be **ambassadors** and leaders of learning in the school.
- Develop and implement evidence–based teaching practices to support the acquisition and teaching of **vocabulary** and how to be **effective communicators**. (*Maths Talks, Hip Hop and Socratic Seminars*)
- Utilise the **maker space normal and robotics equipment** for students to safely create and build products, expressing their creativity.
- Deliver engaging learning experiences that encourage students to reflect on their **mindset, disposition** and where they are in the **learning pit**.
- Staff engage with Pemulwuy Learning Community to build upon **student engaged assessment strategies** (*Peer and self–assessment focus 2018*).

## Evaluation Plan

- Frequent reflection of class data, continuum data, teacher programs and student portfolios will be used to inform and evaluate school directions.
- Action Research using the Impact Evaluation cycle will promote ongoing reflection to drive future school directions

## Practices and Products

### Practices

- Annual student led conferences
- Students create Presentations of Learning to demonstrate their knowledge throughout a project.
- 100% of students utilise a digital portfolio, Seesaw, which is shared beyond the classroom.
- Students are able to discuss what they are learning and themselves as learners.
- Students collect badges to demonstrate the skills and capabilities they have achieved.

### Products

- Ensure effective implementation of Project Based Learning to enhance student engagement, with authentic learning experiences, that extend students critical thinking skills.
- Student engaged assessment with a focus on oracy, is embedded to improve learning outcomes.
- All learning programs adhere to the NSW curriculum and is differentiated to provide opportunities for students to be active, flexible, successful learners.
- Student experience a range of authentic assessment tasks that are integrated into the natural learning process and are reflected in the student's digital portfolio.

# Strategic Direction 1: Engaged, self– directed, successful, globally aware, lifelong learners

## Improvement Measures

project based learning experiences.

## People

- Make decisions using school based evidence.
- Ensure Hilltop Road foundational expectations are upheld.

# Strategic Direction 2: Strategic, connected and personalised professional learning

## Strategic Direction 2: Strategic, connected and personalised professional learning

### People

school directions and initiatives.

- Foster learning partnerships.

### Community Partners

Establish and maintain effective learning partnerships including other schools, community members, organisations and businesses, to assist in providing innovative educational programs

### Processes

practices and programs

.

# Strategic Direction 3: Authentic community learning and partnerships

## Purpose

Develop a strong community of learners that co-create opportunities for our young people and the community to succeed.

Enhance partnership through innovative parent and community learning, leading to increased student and parent engagement in the learning process.

## Improvement Measures

- Management practices and processes are responsive to school community feedback. There is a whole school approach to improving service delivery and customer (parent and/or student) experience (SEF v2)
- The school engages in strong collaborations between parents, students and the community that inform and support continuity of learning for all students at transition points, including highly mobile students and students with atypical enrolment (SEF v2)
- Teachers directly and regularly engage with parents to improve understanding of student learning and strengthen student outcomes. Reporting to parents has been enhanced in response to feedback received (SEFv2)
- The “**Tell them from me**” and other online surveys report high levels of satisfaction with teaching and learning programs
- Increase parent involvement in student led conferences by 5% every year
- Sustain **Seesaw** engagement

## People

### Students

- Participate in and initiate opportunities to engage with the community and outside agencies for authentic learning.
- Share their learning through student led conferences, digital portfolios and PBL exhibitions.

Co-create and support learning opportunities for the community

### Staff

- Communicate openly and regularly with the parent community.
- Facilitate and design workshops to engage the community.

Develop and sustain reciprocal learning partnerships that enhance student learning opportunities

### Leaders

- Be visible, open communicators.
- Analyse and evaluate potential barriers to community involvement through discussions with the community members.
- Develop and facilitate strategies to utilise and increase authentic connections and networks to improve student outcomes.

### Parents/Carers

- Engage in active partnerships to share student learning and success .
- Engage in a range of adult learning programs and/or experiences to further develop their knowledge and skills.

## Processes

- Co-create and connect with community and industry to develop authentic products and services which inform global audiences

Encourage parents to be part of their child’s learning journey by providing **multiple modes for parents to connect and engage**.

- **Communicate regularly** with members of the community about their needs and interests in order to create learning opportunities that meet these areas.
- Develop and sustain reciprocal learning partnerships with relevant **preschool, primary school and high school networks as well as external agencies** to enhance student learning and transition opportunities.
- Engage in strategic conversations with the community to develop strategies to **minimise the impact of barriers** to community learning.
- **Parents are active learners** in the school and lead other parents and children in learning, knowing this supports themselves as learners.
- Create environments where parents and the community are **supported to be lifelong learners**.

## Evaluation Plan

- Feedback and evaluations from students, staff, parents and community partners.

## Practices and Products

### Practices

- Actively engage and seek additional opportunities inside and outside the school for the parents and community.
- Continue and increase partnerships with community organisations and businesses to allow for students to be involved in authentic, connected learning experiences.
- Practices are embedded for parents to be engaged and understand the learning progress of their children and how to effectively support them to learn.
- Initiate, investigate, enable and provide opportunities for meaningful parent and community learning.
- Engage with the Fair Education Cluster of Schools.
- Students, staff and the community engage in and understand the importance of student led conferences, parent workshops, community events and digital portfolios.

### Products

- Ready Set Go model scaled and diffused working in partnership with preschools and primary schools.
- Ready Set Going established with connections to multiple high schools.
- Seesaw portfolios are accessed by families.
- Database of contacts created and utilised.
- Parent attendance at annual student led conferences.

## Strategic Direction 3: Authentic community learning and partnerships

### People

#### Community Partners

- Work in partnership with the school to support opportunities for students.

### Processes

Type and number of meaningful and sustained partnerships formed.

### Practices and Products

Community surveys
