

School plan 2018-2020

Hurlstone Agricultural High School 8121

HURLSTONE
AGRICULTURAL HIGH SCHOOL

School background 2018–2020

School vision statement

Hurlstone Agricultural High School is committed to ensuring wellbeing is placed at the heart of every educational experience we facilitate for our students. The school nurtures the whole child in an inclusive environment where gifted and talented learners are encouraged to develop both the educational understanding and the skills which illustrates it. The creation of our purpose built Science, Technology, Engineering, Art, Mathematics (STEAM) facility provides an exceptional opportunity for our community to develop and deepen understanding and innovation in this area of education. Our staff provide a dynamic, creative, innovative, collaborative and differentiated curriculum and fosters connected partnerships to maximise student engagement. We maintain a proud tradition of preparing resilient, resourceful, critical and creative thinkers who strive to make a difference in our rapidly changing world. Over the next three years the school will continue to supply this level of care and academic success as it begins to transition into Roy Watts High School.

School context

Hurlstone is the only NSW Government selective,co–educational, agricultural, boarding high school. November 18, 2015 –Minister for Education, the Hon. Adrian Piccoli, announced that Hurlstone Agricultural High School will move to Hawkesbury campus of WSU.

This announcement included, Boarding operations and Agricultural enterprises.

It was decided that the school which remains at Glenfield will:

- Remain fully selective.
- Be expanded to 1080 positions (180 students peryear)
- Have a new block built.
- Will be given a new name.

During 2016 and 2017 the Department of Education created aProject Reference Group which began designing the new block for Glenfield,which it was decided would focus on Science, Technology, Art and Maths (STEAM) and engaged a company called Straight Talk to canvas the community with regards to the renaming of the school. In 2017 an announcement came from the Ministerfor Education, the Honourable Robert Stokes, regarding his endorsement for thefuture name of the school for the Glenfield site, Roy Watts High School.

Our community currently draws from over 120 different primary schools from across NSW reflecting diverse cultural and socio–economicbackgrounds. This includes urban, rural, regional, remote and isolatedstudents. Agriculture remains an important foundation of the school and will be continued to be offered as an elective subject from 2018. Students currently elect to continue the study of Agriculture to HSC level.

Our students' outstanding achievement in external examinations as well as a rich combination of individual

School planning process

This plan was developed through a process which had at its core the canvassing of all sectors of the school community and the formulation of three strategic directions which brought together the concerns of staff, students and parents into three attainable strategic directions.

Senior Executive: The leaders of the school identified three core areas for development across the school after collating surveys and datafrom “tell them from me” survey tool.

Executive Staff: The executive team workshopped these initial ideas and formulated broad plans for the areas of development, ensuring that they would have cross faculty foci and purpose. Executive staff utilised Schools Excellence Framework version 2 (SEF2) in faculty groups.

Staff: Staff were canvassed at twilight sessions and school development days (SDD) about their ideas regarding the three strategic areas and were given the chance to raise any barriers to the development of these areas and to explore the opportunities these strategic areas afforded theschool.

Parents and Carers: Parents have been consulted through the P and C and Boarder parent welfare groups. Both the overarching strategic concepts and the ways in which they will be realised in the school have been presented to parents and their concerns and questions taken into account. Parents took part in “tell them from me” survey tool as well as being invited to SDD and twilight sessions to inform directions.

It is acknowledged that our P and C and Boarder parent welfare group require further consultation as we continue to build this important community document. Our parent community come from diverse locations across Australia, including Norfolk Island and beyond NSW and Australian borders. Our Hurlstone community values the significant contribution of our dedicated parent and community groups and look forward to the continuation of collaborative partnerships working together to strengthen opportunities and face future challenges. Wider distribution of the

School vision statement

School context

and team opportunities where their gifts and talents are celebrated means that Hurlstone continues its long tradition of being considered as a distinguished school within our Department of Education. Student voice is active and dynamic, our students give back to the community in numerous ways including extensive CAPA, Sports and Agricultural Programs, SRC, Interact, Student Union, Enviro Club, debating, mentoring and other leadership development programs highlighted by an exceptional prefect body.

The “Hurlstone Family”, comprising students, dedicated staff, passionate committed parent body and a proud network of extraordinary alumni all work towards making the school one where there is enthusiasm for teaching and learning, close and confident working relationships, and a concern for the care and wellbeing of our young people. The school improvement process identifies areas for effective change, promotes student outcomes and enablesthe school to focus on ambitious differentiated learning programs to challenge,engage and encourage creative and critical thinking. Wellbeing programs underpinned by the formation of a growth mindset offer an opportunity for developing confidence, resilience, self-reflection, passion, purpose and principles.

The current Hurlstone Agricultural High School at Glenfieldis committed to ensuring a smooth transition to Roy Watts High School at the Glenfield site. This commitment includes working closely with the newly appointed Principal of Hurlstone Agricultural High School, Hawkesbury site. Where ever possible working with the Department of Education, WSU, community, student, parent and alumni groups to ensure the spirit of Hurlstone Agricultural High school is retained.

School planning process

working document will form part of the ongoing process of realisation of the schoolplan as we work in collaboration to strive for excellence in our school and setgoals for our future strategic direction.

Students: student voice has been recognised through the peak student bodies at the school. The SRC, Prefects and Student Union have all been encouraged to review the document and have input into its formation. Ongoing interaction between the educational leaders and the student representatives is expected as they alter over the life of the school plan.

It is important to note that this document is intended to be a living, changing document and that, even though it has reached a stage which is implementable, it is expected that it will undergo alteration as this implementation unfolds.

School strategic directions 2018–2020

STRATEGIC DIRECTION 1 Differentiating

Purpose:

To enable staff to excel in differentiating teaching and learning practice to cater for the individual needs of gifted and talented learners at Hurlstone Agricultural High School. To encourage improvement in pedagogy, enhance staff potential to be innovative, creative, share and reflect on their own practice to deliver world class, future focussed quality learning experiences that academically inspire and challenge learners to reach their individual potential.

STRATEGIC DIRECTION 2 Communicating

Purpose:

To actively develop and strengthen effective communication across our school community to ensure the needs of gifted and talented learners and their families are met. To continue to foster a culture of trust and respect that enables our school community to feel connected and included.

STRATEGIC DIRECTION 3 Engaging

Purpose:

Engaging all members of the school community in the provision of gifted and talented education by providing a stimulating, engaging, future focused learning environment underpinned by a culture of high expectations and supported by the creation of an inspiring STEAM building and facilities. To challenge our community to think deeply about how education responds to a rapidly changing world and equips future generations to use their individual gifts and talents in informed and ethical future problem solving.

Strategic Direction 2: Communicating

Purpose

To actively develop and strengthen effective communication across our school community to ensure the needs of gifted and talented learners and their families are met. To continue to foster a culture of trust and respect that enables our school community to feel connected and included.

Improvement Measures

Increase parent, community and alumni satisfaction to ensure they are kept informed about school, curriculum, extra-curricular programs and kept up to date with our school transition.

Increase communication regarding school excellence and celebrate the achievements, gifts and talents of our young people, staff and community.

Consolidate and extend our business links, academic and mentoring opportunities, extra-curricular programs, university links and volunteering opportunities.

People

Students

value their own success and that of other students in our community and build confidence in sharing and celebrating their success and the success of their peers across a wide range of activities and achievements.

Staff

communicate, value and celebrate excellence in our school by fostering a culture of high expectations.

Leaders

actively strengthen connections between school community members and groups in the wider community to support innovative communication strategies that showcase our schools excellence

Parents/Carers

are given opportunities to build skills and gain understanding about how to access communication channels available to engage and connect with our school

Community Partners

continue to seek and strengthen relationships and strategic partnerships to access meaningful connections within and beyond our school environment to provide educational expertise, access to real world experiences, leadership opportunities and open up a plethora of post school destinations for our learners.

Processes

Whole school commitment to enhancing effective communication channels to strengthen engagement and connections throughout and beyond the school community.

Investigate, implement, maintain and evaluate effective communication tools within the school.

Evaluation Plan

- Tell Them From Me survey tool
- Communication Survey
- Engage a Principal School Leadership to review the effectiveness of our strategies and provide strategic advice and feedback on possible areas of improvement
- 360 Survey Tool
- Careers vision and University connection survey

Practices and Products

Practices

Students, teachers, parents use a wide range of communication and publicity tools to improve our communities engagement with day to day operations promoting our school projects and initiatives.

Products

Enhanced commitment between students, teachers, parents and community to communicate effectively using a variety of tools and systems.

Strategic Direction 3: Engaging

Purpose

Engaging all members of the school community in the provision of gifted and talented education by providing a stimulating, engaging, future focused learning environment underpinned by a culture of high expectations and supported by the creation of an inspiring STEAM building and facilities. To challenge our community to think deeply about how education responds to a rapidly changing world and equips future generations to use their individual gifts and talents in informed and ethical future problem solving.

Improvement Measures

Increase in the number of students reporting they are engaged and challenged by their learning experiences.

Increase in opportunities for students to engage in project based learning, real life applications and problem solving activities.

Increase in students reporting higher levels of happiness and resilience in the TTFM survey tool by engaging with well being programs that help students develop a growth mindset so they are able to connect, succeed and thrive.

Increase in teacher confidence to deliver engaging, quality, future focused teaching and learning programs for GAT students .

Increase in parents reporting through TTFM and other survey tools that their children are actively engaged, supported and take responsibility in their learning opportunities.

People

Students

are supported to adopt skills to develop a growth mindset in order to build resilience and a willingness to accept and act upon feedback to improve performance. they actively participate in learning partnerships to achieve their promise of potential. Students develop individual talent plans and develop skills in critical self reflection as a tool to understand improvement is working towards a goal to achieve their own personal best.

Staff

confidence to deliver engaging, quality, future focused teaching and learning programs that develop intellectual curiosity for GAT students. Staff utilise PDP's underpinned by targeted quality professional learning opportunities including GAT, STEAM, Literacy, Numeracy. Staff use data to inform practice and deliver evidence sets via instructional collaboration to provide meaningful, timely and explicit feedback for students and their families.

Leaders

evaluate the impact of teachers and school on student learning, conduct classroom observations and provide feedback, ensure PL enhances student learning, communicate high expectations and ensure that the school environment is conducive to learning .

Parents/Carers

are invited to participate in opportunities that increase their appreciation and

Processes

Executive program project developing a whole school approach to produce innovative, engaging quality teaching and learning programs for GAT students that use data to inform practice, engage students in collaboration, critical thinking, creativity and communication and embed literacy, numeracy and STEAM initiatives.

The whole community embeds MindMatters, kids matter, positive psychology and skills to develop a growth mindset across the school. to set foundations of resilience, goal setting and the ability for each student to achieve their personal best.

Instructional leadership and instructional collaboration are embedded into our school culture.

Targeted professional learning for teachers to support whole school goals.

Evaluation Plan

- Tracking PL through Scout and MyPL
- School Excellence Framework V2 evidence guide
- Evaluation survey of student engagement in our school
- Evaluation of well being programs
- Executive meetings incorporate programming goals and strategies , report and monitor progress of program development
- Focus groups
- Meeting minutes
- TTFM survey results and analysis

Practices and Products

Practices

Students are engaged in differentiated, quality leaning experiences that inspire and challenge them to achieve their promise of potential.

MindMatters is embedded as a holistic, integrated approach to build student capacity to develop skills in resiliency, growth mindset and explicitly teach students the value of goal setting for learning, leadership and life encouraging students to be actively responsible for achieving their goals.

Teachers engage in world class professional learning to enhance their knowledge of GAT, Literacy, Numeracy and STEAM.

Products

Graduating students who are life-long learners, confident and creative individuals, active and informed citizens. Hurlstone Agricultural High School students will be supported to become future problem solvers who embrace and lead change,

Resilient students who connect, succeed and thrive.

World class teachers who are expert educators and inspire students to challenge themselves to achieve their personal best..

Strategic Direction 3: Engaging

People

understanding of enhancing student engagement in learning.

Community Partners

continue to engage our students through academic mentor programs, scholarships, and student involvement in community leadership and volunteer programs.
