Initiatives

Visible Learning School Impact Program

Implement a comprehensive and ongoing staff professional learning program to continually build teacher capacity that uses data to inform teaching practices and improve student achievement.

Community engagement strategies

Families are actively engaged in their child's learning, working in close partnership with the school to improve students' literacy, numeracy and dispositions towards learning.

Success criteria for this strategic direction

Under the theme of '**collaborative practice and feedback**'. The school uses embedded and explicit systems that facilitate professional dialogue, collaboration, classroom observation, the modelling of effective practice and the provision of specific and timely feedback between teachers. This drives ongoing, school-wide improvement in teaching practice and student results.

Under the theme of '**community engagement**'. The school is recognised as excellent and responsive by its community because it uses best practice to embed a culture of high expectations, and effectively caters for the range of equity issues in the school.

Under the theme of '**student engagement**'. Students and parents understand the assessment approaches used in the school and their benefits for learning. Feedback from students on their learning derived from assessments informs further teaching.
