## Carlingford High School 8447

# School vision and context

## School vision statement

---

At Carlingford High School, our school community is committed to 'developing considerate, responsible people who can learn and act independently to achieve personal excellence.' Our aim is that every student and every teacher is challenged and supported to continue to learn and improve each year. Following a rigorous strategic analysis, our focus is on the development of high quality program development and delivery, based on evidenced driven approaches and effective wellbeing strategies which supports the development of the whole child.

## School context

---

Carlingford High School is a large, successful, comprehensive, coeducational high school. The school enjoys strong parent and community support and prides itself on providing a quality education across all areas of school life.

With a large student population (1410) comprising 78% from a non-English speaking background, Carlingford has a clear focus in meeting the needs of students from diverse backgrounds. In support of this, the school employs Community Liaison Officers for both the Chinese and Korean communities. The school has a structured and supportive welfare system designed to ensure a safe, well-disciplined learning environment where positive behaviour is expected, and high expectations for participation and learning set.

Our focus is on the promotion of an engaging and innovative learning environment where students want to learn and give their best. Current Improvement measures are based on system mandated targets and identified areas from our situational analysis. There are well established structures and strategies to support student learning and to ensure each student reaches their full potential. The school is committed to continually improving classroom practice and in maintaining high expectations for both staff and students. The school aims to develop within each of its students the skills, knowledge, attitudes and values necessary to participate confidently and positively in society.

# Strategic Direction 1: Student growth and attainment

## Purpose

In order to maximise student results in Department mandated areas, and to build on academic success, we will further develop and implement targeted whole school and faculty strategies.

## Strategic Direction 2: Student wellbeing and engagement

### Purpose

In order to maximise student outcomes in the fullest sense, school wide, evidence based practices are developed and implemented where every student is known, valued and cared for. Students feel they are connected and engaged with school and school programs which support their personal, social and learning needs.

### Improvement measures

#### Target year: 2023

**Attendance:** between 90.5% and 95.3 % of students attend school each day.

#### Target year: 2023

##### Well-being measures:

between 75.0% and 80.0% of students identify positive wellbeing based on the Tell Them from Me surveys.

### Initiatives

#### Improved attendance

- **Review whole school attendance processes and procedures** to ensure consistency and build collective responsibility for improved student attendance.
- **Improved roll call protocols** to follow up on student absences.
- **Expanded HT administration role** to support DP/ HT Welfare in attendance monitoring including partial absences and late attendance

#### Improved student wellbeing

- **Revised whole school wellbeing plan** identifies evidence based sustainable practices which can be implemented across each year group relevant to a students' stage of personal, social and learning need. This includes an improved understanding of cultural elements related to the needs of Aboriginal students.
- **Revise whole school Student Wellbeing and Discipline policy** in line with new *DoE Behaviour Strategy* with the overarching aim to support effective classroom management and promote positive, respectful relationships across the school.
- **Boys Education strategy** devised, implemented and underpinned by supportive welfare and discipline practice and evidenced based quality teaching.
- **Teacher Professional Learning on:**

-Revised School Welfare and Discipline Policy promoting positive and respectful relationships

- Evidence based teaching strategies to inform effective teaching practice and address individual student learning needs.

- Connecting with Aboriginal Students and their families.

### Success criteria for this strategic direction

- The school collects, analyses and uses data including valid and reliable student, parent and staff surveys/feedback to monitor and refine a whole school approach to wellbeing and engagement, to improve learning.
- Every student can identify a staff member to whom they can confidently turn for advice and assistance at school.
- Positive, respectful relationships are evident and widespread among students and staff and promote student wellbeing to ensure optimum conditions for student learning across the whole school.
- All staff complete PL on Connecting with Aboriginal Students, Families and Communities.
- Updated School Wellbeing and Discipline Policy (aligned to new *DoE Behaviour Strategy*) and underpins school wide collective responsibility for improved student learning and success.

### Evaluation plan for this strategic direction

- Attendance rates are regularly monitored and analysed by the executive team each term.
- TTFM survey data analysed in determining improvements in students perceptions of wellbeing. Internal data will also inform success.
- Surveys of staff reflect an improved understanding of Aboriginal Students, Aboriginal Histories and the impact on successful school engagement.
- Improvement in student attendance is supported through analysis of consistency of processes and procedures which minimize impact of student absences on learning outcomes.
- Analysis of the data to determine impact will guide both ongoing implementation as well as future school planning to provide ongoing improvement of student outcomes.

# Strategic Direction 3: Quality teaching and learning

## Purpose

Consolidation, development and enhancement of the capacity of every teacher to plan for and deliver effective, evidence based teaching programs and pedagogies will maximise the likelihood of enhancing student learning outcomes.

## Improvement measures

### Target year: 2023

Every teaching and learning program in the school 7-12 clearly embeds explicit skill development, differentiated teaching and learning activities and effective feedback points which are backward mapped to high quality assessment.

### Target year: 2023

Teaching and learning pedagogies across the school consistently reflect high expectations, explicit teaching, effective classroom management, use of effective feedback, use of data to improve performance, high quality backward mapped assessment and collaboration.

## Initiatives

### 7-12 Program renovation

- **School conducts an audit of all 7-12 teaching and learning programs** in meeting key elements of quality programs and the school's best practice program template and agreed program protocols.
- **School engages an external expert** to review faculty programs across two KLA's as a model of best practice in analysing and renovating faculty programs. All initial faculty renovated programs to be externally audited to ensure high quality and consistency across the school.
- **External expert provides executive PL** on instructional leadership processes which will support the achievement of high quality program renovation.
- **Staff engage with PL on Connecting with Aboriginal Students.** History faculty review Stage 4 and 5 programs in terms of units related to education about Aboriginal Australia.

### Strengthening High Quality Teaching Practice

- **Develop and implement a whole school collaborative approach** to sharing innovative and best teaching practice.
- **Engage external expert to develop an effective classroom observation tool** based on 'What Works Best' themes to provide evidence based feedback on teaching practice.
- **Teacher professional learning in:**
  - 'What Works Best' document strategically developing an improved understanding of the benefits and execution of effective evidence based pedagogies.
  - Feedback strategies with emphasis on building student efficacy.
  - Formative assessment strategies to inform teaching practice and addresses individual student learning needs.
  - Identification and use of diagnostic data( NAPLAN, RAP

## Success criteria for this strategic direction

- Teaching and learning programs are dynamic, showing evidence of revisions based on feedback on teaching practices, consistent and reliable student assessment.
- Teachers differentiate curriculum delivery to meet the needs of students at different levels of achievement, including adjustments to support learning or increase challenge. Most students can articulate their learning and understand what they need to learn next to enable continuous improvement.
- All lessons are systematically planned as part of a coherent program that has been collaboratively designed.
- A whole school approach ensures the most effective evidence-based teaching methods optimise learning progress for all students, across the full range of abilities.
- Teachers employ evidence-based effective teaching strategies. Effective methods are identified, promoted and modelled, and students' learning improvement is monitored, demonstrating growth.
- Staff have completed PL on Connecting with Aboriginal Students. History faculty review and update units relevant to quality education about Aboriginal Australia.

## Evaluation plan for this strategic direction

- The senior executive team and external experts conduct an evaluation of how well each newly renovated teaching and learning program meets the success criteria at agreed points within the 4 year planning cycle.
- Analysis of the data to determine impact will also guide both ongoing implementation as well as future school planning to provide ongoing improvement of student outcomes
- Audit on quality of renovated units relevant to Aboriginal Australia.

## Strategic Direction 3: Quality teaching and learning

### Initiatives

---
